

PhD Programme in “Architectural Urban Interior Design”

The Programme offers 7 positions (of which 5 fully funded with scholarships) for the 36th PhD cycle at Politecnico di Milano. All scholarships cover three years of study and research.

The Program promotes studies in all aspects of architectural design: theory, applied design research, exploring questions related with emergency and prevention, reuse and regeneration processes, transformation and innovation of the built environment.

The present call includes the following scholarships:

#	Type	Research topic	Granting Institution
1	Generic	<i>“Architectural Urban Interior Design”</i>	Italian Ministry of University and Research Politecnico di Milano
2	Generic	<i>“Architectural Urban Interior Design”</i>	Italian Ministry of University and Research Politecnico di Milano
3	Generic	<i>“Architectural Urban Interior Design”</i>	Italian Ministry of University and Research Politecnico di Milano
4	Interdisciplinary	Smart Cities: “Smart City: New Tools for the Sustainable Development of the Future City” (in collaboration with the PhD program in “Electrical Engineering”)	Politecnico di Milano
5	Interdisciplinary	Horizon Europe: “Urban Regeneration through Nature Based Solutions” (in collaboration with the PhD program in “Architecture, Built Environment and Construction Engineering”)	Politecnico di Milano

Please notice that, in order to be eligible for any of the scholarships, you must (in the registration process) declare that you intend to compete for a scholarship (see also sections 6.4 and 7.6 of the [Quickstart](#) manual).
