

## PhD Programme in “Aerospace Engineering”

The PhD programme in “Aerospace Engineering” offers 10 positions (of which 8 fully funded with scholarships) for the 38<sup>th</sup> PhD cycle at Politecnico di Milano. All scholarships cover three years of study and research.

The enclosed tables summarize the scholarships issued in the present call.

Please notice that, in order to be eligible for any of the scholarships, you must (in the registration process) declare that you intend to compete for a scholarship (see also sections 6.4 and 7.6 of the [Quickstart](#) manual).

#	Type	Research Topic	Granting Institution
1	Open Subject	“Aerospace Engineering”	Italian Ministry of University and Research Politecnico di Milano
2	Open Subject	“Aerospace Engineering”	Italian Ministry of University and Research Politecnico di Milano
3	Open Subject	“Aerospace Engineering”	Italian Ministry of University and Research Politecnico di Milano
4	Open Subject	“Aerospace Engineering”	Italian Ministry of University and Research Politecnico di Milano
5	Open Subject	“Aerospace Engineering”	Italian Ministry of University and Research Politecnico di Milano
6	Thematic	“Advanced Techniques For Future Planetary Global Navigation Satellites Systems”	Department of Aerospace Science and Technology
7	Thematic	“Advanced Technologies for Planetary in Situ Resource Utilisation”	Department of Aerospace Science and Technology
8	Interdisciplinary	Industry 4.0: “Model-Based Digital Twins For Space Cybersecurity” In collaboration with the PhD Programme “Information Technology”	Politecnico di Milano
