## EMPLOYMENT AFTER THE PhD

# AM I AN INNOVATOR?

After your PhD, you have options:

- **Research career in Academia**
- **Research career in a Company**
- **Start your own deep tech business venture**

TO HELP YOU FIGURE OUT WHAT TO DO:

**AM I AN  
INNOVATOR?**

**A program to develop the  
employability and support  
the job placement of PhD  
candidates who choose not to  
remain in academia**

**CAREER SERVICE  
FOR PHD**

# Career Guidance Program for PhDs

## 1° MEETING WITH CAREER ADVISOR AND CV CHECK

A first individual meeting with a Career Service Advisor where you can ask to check your CV and identify what sectors and which companies to target during your job search.

## 2° SIMULATION OF JOB INTERVIEW WITH COMPANY

A second individual meeting with a sector specialist that will conduct an assessment, based on the needs emerging from the first meeting. A simulation of a job interview will follow along with suggestions about the best communication skills/methods you should use to present yourself and your PhD project in a clear and effective way.

## 3° FEEDBACK WITH CAREER ADVISOR

Approximately one month after the first meeting, a third one will be set with the Career Service Advisor to verify results achieved, both educational and in terms of awareness and ability to propose yourself on the job market.
